

SÉURA TV MIRROR CUSTOMIZATION

Vanishing Clock

An elegant convenience for busy lifestyles.

IDEAL SPACES

Bathrooms

MIRROR GLASS

Copper-free 1/4" Vanishing Vanity Glass is not susceptible to black edge corrosion.

DISPLAY

Sleek 7-segment LED display with 12- or 24-hour time modes

CUSTOM LOCATION

Choose the clock location within the mirror

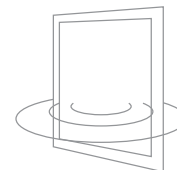

PROGRAMMING

Simple and improved programming via Séura's remote avoids clock malfunctions and the need for re-powering during programming set-up.

BATTERY BACKUP

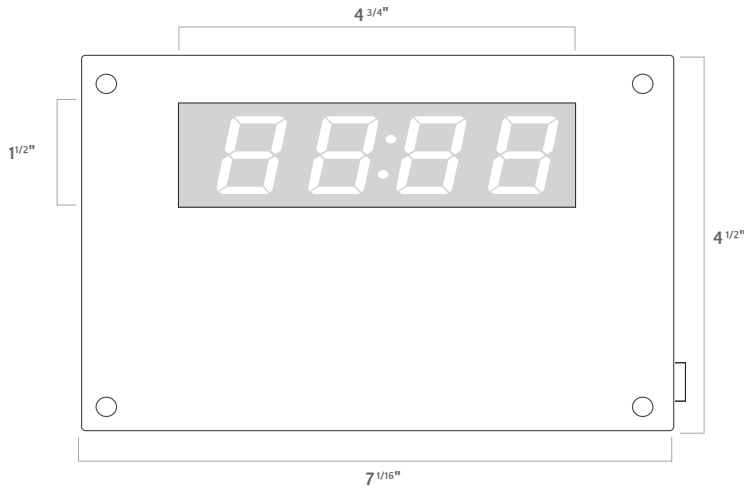

Internal battery backup prevents clock from powering off and avoids the need for resetting.

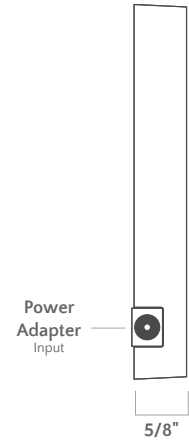

RADAR MOTION DETECTOR

Motion sensor automatically turns clock off when not in use to save energy.

IN-MIRROR CLOCK

Model: CL, Version: 2

LED COLOR	White
TECHNOLOGY	7-segment LED display
TIME MODES	12- or 24-hour
PROGRAMMING	Séura Remote
OUTAGE PROTECTION	Internal battery backup
AUTO ILLUMINATE	When user enters room
AUTO VANISHING	After 1 minute of no motion detection
INSTALLATION	The clock is fully integrated into the TV Mirror. The clock unit requires it's own power source and includes a power cord and adapter. After installation, the clock may be programmed using the Séura remote control.
*NOTES	Reversible clock mounting systems allows more flexibility for choosing clock location within the mirror. Contact Séura for position guidelines.
