

SÉURA LIGHTED MIRRORS

Mirror Glass Quality

Séura Silvered Mirror Glass provides bright, accurate, crystal-clear reflection to deliver the highest mirror reflectivity for use in lighted mirrors. Reflecting 100% of red, green, and blue light ensures a pure, true-to-life reflection. Séura Silvered Mirrors are perfect for applying makeup or other personal tasks requiring color accuracy.

Glass is like diamonds, and can be perfectly imperfect. Séura’s quality control professionals inspect Séura’s mirror glass from inches away to ensure the quality matches Séura’s glass requirements. Séura Lighted Mirror glass far exceeds industry standards with near flawless glass that has minuscule imperfections. Séura Select Lighted Mirror glass meets industry standards and may have tiny seeds, scratches, and pits.

MADE IN THE USA

All Séura Lighted Mirrors are hand-crafted in Séura’s in Green Bay, Wisconsin manufacturing facility.

COPPER FREE MIRRORS

Every Séura mirror utilizes copper free mirror coatings to prevent black edge corrosion caused by cleaning chemicals and moisture.

EASY TO CLEAN

All lighted mirror etching is applied to the reverse of the mirror for a fresh mirror face and easy cleaning.
